CHAPTER 19: SHORELAND-WETLAND ZONING ORDINANCE

19.0100 INTRODUCTION

19.0101 Statutory Authorization

This Chapter is adopted pursuant to the authorization in Sections. 61.35 and 62.23, 62.231, 87.30 and 144.26 of the Wisconsin Statutes.

19.0102 Finding of Fact and Purpose

Uncontrolled use of the shoreland-wetlands and pollution of the navigable waters of the municipality would adversely affect the public health, safety, convenience, and general welfare and impair the tax base. The Legislature of Wisconsin has delegated responsibility to all municipalities to:

- A. Promote the public health, safety, convenience, and general welfare;
- B. Maintain the storm and flood water storage capacity of wetlands;
- C. Prevent and control water pollution by preserving wetlands which filter or store sediments, nutrients, heavy metals, or organic compounds that would otherwise drain into navigable waters;
- D. Protect fish, their spawning grounds, other aquatic life and wildlife by preserving wetlands and other aquatic habitat;
- E. Prohibit certain uses detrimental to the shoreland-wetland area; and
- F. Preserve shore cover and natural beauty by restricting the removal of natural shoreland cover and controlling shoreland-wetland excavation, filling, and other earth moving activities.

19.0200 GENERAL PROVISIONS

A. Compliance

The use of wetlands, and the alteration of wetlands within the shoreland area of the municipality shall be in full compliance with the terms of this ordinance and other applicable Local, State, or Federal regulations. (However, see 19.0400 of this ordinance, for the standards applicable to nonconforming uses.) All permitted development shall require the issuance of a zoning permit unless otherwise expressly excluded by a provision of this ordinance.

B. Municipalities and State Agencies Regulated

Unless specifically exempted by law, all cities, villages, towns, and counties are required to comply with this ordinance and obtain all necessary permits. State agencies are required to comply if Section 13.48(13), Wis. Stats., applies. The construction, reconstruction, maintenance, and repair of state highways and bridges by the Wisconsin Department of Transportation are exempt when Section 30.12(4)(a), Wis. Stats., applies.

C. Abrogation and Greater Restrictions

This ordinance supersedes all the provisions of any municipal zoning ordinance enacted under Section 62.23 or 87.30, Wis. Stats., which relate to floodplains and shoreland-wetlands, except that where another municipal zoning ordinance is more restrictive than this ordinance, that ordinance shall continue in full force and effect to the extent of the greater restrictions, but not otherwise.

D. Repeal and Abrogation

This ordinance is not intended to repeal, abrogate, or impair any existing deed restrictions, covenants, or easements. However, where this ordinance imposes greater restrictions, the provisions of this ordinance shall prevail.

E. Interpretation

In their interpretation and application, the provisions of this ordinance shall be held to be minimum requirements and shall be liberally construed in favor of the municipality and shall not be deemed a limitation or repeal of any other powers granted by the Wisconsin Statutes. Where a provision of this ordinance is required by a standard in Chapter NR117, Wis. Adm. Code, and where the ordinance provision is unclear, the provision shall be interpreted in light of the Chapter NR117 standards in effect on the date of the most recent text amendment to this ordinance.

F. Severability

Should any portion of this ordinance be declared invalid or unconstitutional by a court of competent jurisdiction, the remainder of this ordinance shall not be affected.

G. Annexed Areas

The Marinette County shoreland zoning provisions in effect on the date of annexation remain in effect administered by the municipality for all areas annexed by the municipality after May 7, 1982. These annexed lands are described on the municipality's official zoning map. The Marinette County shoreland zoning provisions are incorporated by reference for the purpose of administering this section and are on file in the office of the municipal Zoning Administrator.

19.0300 SHORELAND/WETLAND ZONING DISTRICT

A. Shoreland/Wetland Zoning Maps

The following maps are hereby adopted and made part of this ordinance and are on file in the office of the municipal Clerk:

1. Wisconsin Wetland Inventory maps stamped "FINAL" on July 22, 1987, which shall control in case of discrepancies with the Official map, Marinette, Wisconsin.
2. Floodplain zoning maps titled, "U.S. Dept. of Housing and Urban Development Flood Boundary and Floodway Map for the City of Marinette, WI", and dated March 15, 1978.
3. United States Geological Survey maps dated 1963.

4. Official map, Marinette, Wisconsin, delineating Shoreland-Wetland and Wetland Districts, and Amended Wetlands to be Removed, as found in Tube File 29 of the Marinette City Engineer's office, dated May, 1988.

B. District Boundaries

The shoreland-wetland zoning district includes all wetlands in the municipality which are five (5) acres or more, and are shown on the Official Map, Marinette, Wisconsin that has been adopted and made a part of this ordinance (which map is intended to accurately delineate at a larger scale wetlands of five (5) acres and larger shown on the final Wisconsin Wetland Inventory Map) and which are:

1. Within one thousand (1,000) feet of the ordinary high-water mark of navigable lakes, ponds, or flowages. Lakes, ponds, or flowages in the municipality shall be presumed to be navigable if they are shown on the United States Geological Survey quadrangle maps or other zoning base maps which have been incorporated by reference and made a part of this ordinance.
2. Within three hundred (300) feet of the ordinary high-water mark of navigable rivers or streams, or to the landward side of the floodplain, whichever distance is greater. Rivers and streams shall be presumed to be navigable if they are designated as either continuous or intermittent waterways on the United States Geological Survey quadrangle maps or other zoning base maps which have been incorporated by reference and made a part of this ordinance. Floodplain zoning maps adopted in Section 19.0300(2) above shall be used to determine the extent of floodplain areas.

C. Navigability

Determinations of navigability and ordinary high-water mark location shall initially be made by the Zoning Administrator. When questions arise, the Zoning Administrator shall contact the appropriate district office of the Department for a final determination of navigability or ordinary high-water mark.

D. Discrepancies

If any discrepancy is identified between the shoreland-wetland boundaries shown on the Official Map, Marinette, Wisconsin, and the wetland boundaries shown on the final Wisconsin Wetland Inventory Map, other than in the areas delineated Amended Wetlands to be Removed, the wetland boundaries shown on the final Wisconsin Wetland Inventory Map shall control. When an apparent discrepancy exists between the wetland boundary shown on the final Wisconsin Wetland Inventory maps and actual field conditions at the time the map was adopted, the Zoning Administrator shall contact the appropriate district office of the Department to determine if the wetland boundary as mapped is in error. If Department staff concur with the Zoning Administrator that a particular area was incorrectly mapped as a wetland, the Zoning Administrator shall have the authority to immediately grant or deny a zoning permit in accordance with the regulations applicable to the correct zoning district. In order to correct wetland mapping errors or acknowledge exempted wetlands designated in

Sections 19.0300 (E) and (F), the Zoning Administrator shall be responsible for initiating a map amendment within a reasonable period.

E. Filled Wetlands

Wetlands which are filled prior to July 22, 1987, the date on which the municipality received final wetland inventory maps, in a manner which affects their wetland characteristics to the extent that the area can no longer be defined as wetland, are not subject to this ordinance.

F. Wetlands Landward of a Bulkhead Line

Wetlands located between the original ordinary high-water mark and a bulkhead line established prior to May 7, 1982, under Sec. 30.11, Wis. Stats., are not subject to this ordinance.

G. Permitted Uses

The following uses are permitted subject to the provisions of Chapters 30 and 31, Wis. Stats., and the provisions of other Local, State, and Federal laws, if applicable:

(d) The construction and maintenance of electric and telephone transmission lines and water and gas distribution lines, and sewage collection lines and related facilities and the construction and maintenance of railroad lines provided that:

- (1) The utility transmission and distribution facilities and railroad lines cannot, as a practical matter, be located outside the wetland;
- (2) Only limited filling or excavating necessary for such construction or maintenance is allowed; and
- (3) Such construction or maintenance is done in a manner designed to minimize the adverse impacts upon the natural functions of the wetland listed in Section 19.1400C of this ordinance.

H. Prohibited Uses

Any use not listed in section 19.0300 of this ordinance is prohibited, unless the wetland or a portion of the wetland has been rezoned by amendment of this ordinance in accordance with Section 19.1400 of this ordinance.

The use of a boathouse for human habitation and the construction or placement of a boathouse or fixed houseboat below the ordinary high-water mark of any navigable waters are prohibited.

19.0400 NONCONFORMING STRUCTURES AND USES

The lawful use of a building, structure, or property which existed at the time of this ordinance, or an applicable amendment to this ordinance, which took effect and which is not in conformity with the provisions of the ordinance, including the routine maintenance of such a building or structure, may be continued, subject to the following conditions:

The shoreland-wetland provisions of this ordinance authorized by Sec. 62.231, Wis. Stats., shall not limit the repair, reconstruction, renovation, remodeling, or expansion of a nonconforming structure in existence on the effective date of the shoreland-wetland provisions, or of any environmental control facility in existence on May 7, 1982, related to such a structure. All other modifications to nonconforming structures are subject to Sec. 62.23(7)(h), Wis. Stats., which limits total lifetime structural repairs and alterations to fifty percent (50%) of current fair market value.

If a nonconforming use or the use of a nonconforming structure is discontinued for twelve (12) consecutive months, any future use of the building, structure, or property shall conform to this ordinance.

Any legal nonconforming use of property which does not involve the use of a structure and which existed at the time of the adoption or subsequent amendment of this ordinance adopted under Sections 62.231, Wis. Stats., may be continued although such use does not conform with the provisions of this ordinance. However, such nonconforming use may not be extended.

Stats. The appropriate district office of the Department shall be provided with written notice of the public hearing at least ten (10) days prior to such hearing.
- C. In order to insure that this ordinance will remain consistent with the shoreland protection objectives of Section 144.26, Wis. Stats., the municipal governing body may not rezone a wetland in a shoreland-wetland zoning district, or any portion thereof, where the proposed rezoning may result in a significant adverse impact upon any of the following wetland functions:
 - 1. Storm and flood water storage capacity;
 - 2. Maintenance of dry season stream flow or the discharge of groundwater to a recharge of groundwater from a wetland to another area, or the flow of groundwater through a wetland;
 - 3. Filtering or storage of sediments, nutrients, heavy metals, or organic compounds that would otherwise drain into navigable waters;

If within the thirty (30) day period, the Department notifies the municipality that the Department intends to adopt a superseding shoreland/wetland zoning ordinance for the municipality as provided by Section 62.231(6), Wis. Stats., the proposed amendment may not become effective until the ordinance adoption procedure under Section 62.231(6), Wis. Stats., is completed or otherwise terminated.
