1. **Purpose.** It is the responsibility of the Personnel & License Committee to screen applicants for alcohol beverage operator licenses within the City of Marinette under the licensing authority granted by Chapter 125 of the Wisconsin Statutes. The Committee has the duty to the citizens of the City of Marinette and the potential employers of the licensees to ensure that reputable individuals are allowed the privilege of selling alcohol beverages, tending bar, or staffing a retail liquor establishment. If habitual offenders are allowed to serve alcoholic beverages, they are placed in a unique position to possibly embezzle funds from their employers, sell drugs, or deal in stolen property with the public. Furthermore, since licensees must act in cooperation with law enforcement to enforce the alcohol beverage laws and drunk driving laws, individuals with a past history of negative or uncooperative contacts with police agencies should be scrutinized. Finally, license applicants should not be subject to discrimination based on a prior arrest or conviction records, pursuant to Wis. Stat. § 111.335, unless said arrest or conviction record substantially relates to the circumstances of the licensed activity. It is with these goals in mind that the review / approval guidelines flowchart is adopted.
2. **Adoption.** The Committee adopts the operator license application flowchart on the backside of this document to determine which applications are eligible for issuance of an alcohol beverage operator license, allowing such applicant to sell alcoholic beverages within the City of Marinette. The Committee retains broad discretionary authority in this area. However, if a decision is made to deny a license, the Committee is required to provide that applicant with a written reason for the denial. The flowchart is adopted to meet that requirement.
3. **Broad Discretion Retained.** The Committee retains broad discretion towards the consideration of each application on an individual basis. Deviation from the guidelines listed on the flowchart may be allowed if the applicant documents mitigating circumstances in writing. A copy of these guidelines shall be provided to each applicant.
4. **Falsification.** Any applicant who materially falsifies an application for an alcohol beverage operator license will not be eligible to re-apply for a license for a period of six (6) months from the date of denial of such application. The Committee may waive the provisions of this paragraph, allowing the applicant to submit a corrected application, and grant a license, if it appears to the Committee that any falsifications on the application were the result of inadvertence, excusable neglect, or mistake.
5. **Construction.** All time limits on the flow chart shall be calculated based upon the date of the application / submission to the City Clerk; and the date of conviction, if any. "Date of conviction" means the date of adjudication of guilt by the judicial body having jurisdiction thereof. Notwithstanding any other language in these guidelines, "conviction" shall include a known conviction of any federal, state, or local law. When two or more convictions are required to disqualify an applicant from holding a license, each conviction shall count separately even though the multiple convictions might have originated from the same course of conduct. When such a situation arises, the Committee retains broad discretion to consider the matter on a case-by-case basis.
